MULTIGRAPHED LETTERS

THAT ARE EXACT REPRODUCTIONS OF TYPEWRITTEN WORK

"Read me—read me"—is the cordial invitation that your form letters should convey—keeps them out of the hungry waste basket.

PRICE & LEE LETTERS REACH YOUR MAN

Our letters have that natural-typewritten appearance—the fill-in is so perfectly matched—that it's hard to distinguish them from the dictated.

We operate your complete advertising by mail—supplying lists, addressing, filling in, stamping, mailing, etc. Shift your bothers in this line to our shoulders.

Why a Multigraph Letter

Because it carries a direct personal message to the man who can use your service or your goods, in the language you would use in a personal interview, making it possible for you to reach thousands where the salesman can reach tens.

We can furnish them in quantities at short notice, and take care of the addressing, inserting, sealing, stamping and mailing.

Brunswick TIRES

Tire building has no secrets. It is entirely a matter of ideals; and different makers have different ideals.

The famous Brunswick - Balke - Collender Company, makers of The Brunswick, have stood in the forefront for over 74 years. The Brunswick idea is to pay perfection's price and produce an article which will sustain and increase the reputation of this great old institution.

Brunswick
37X5

One Brunswick will tell the story. And like others, you will not be satisfied until all your tires are Brunswicks.

We want you to know as well as we do the outstanding superiorities of this better tire —The Brunswick.

Come in today and inspect The Brunswick and learn its advantages.

Do you know what it costs you to handle your own mail advertising service? Let us estimate on your work by contract. We don't think, we know, we can save you some money—why not talk it over? That won't cost you anything and it won't obligate you. One thing we do know, we shall do it better, we shall do it more promptly; of course we shall—it's our business.

KENNEDY'S
THE
LIVE STORE

The Reason WHY Kennedy's is such a Great Success

* * *

THE reason is no secret. Reduced to plain words it amounts to this: We treat every customer as we would like to be treated if we were doing the buying. This is the corner-stone of Kennedy's policy. Then, of course, we have the great advantages derived from buying for eight stores in tremendous quantities at the lowest cash prices, which enables us to sell at prices much lower than the merchant with but a single store, charging accounts, making a slow turn-over. Our remarkable success in Springfield—excelling our highest anticipations—is the result of doing business Kennedy's way.

Kuppenheimer Clothes

We feature this brand of clothes because it offers the utmost in style, fabric and tailoring. You are sure of service and satisfaction—a heaped-up and running-over measure of value at each and every price.

Two years of remarkable success. The Kennedy Policy Volume of business excelling expectations. Rapid development. Clerks who are courteous.

A store that is behind your every want pertaining to clothes for the young and old.

Just As YOU Would Do It

THE FIRST of every month the bills come in, bills for rent, food, clothing, and many other necessaries. They are going to come to your family each month when you are no longer here to provide the money to pay them. Wouldn't it be wise, therefore, to arrange now to place your wife's name on the payroll when yours is removed by death? That is just what a Monthly Income Policy in the Massachusetts Mutual does. It guarantees to her a check each month to help meet the expenses. It creates an immediate estate that will last her a lifetime, paying to her an income in just the way that you would pay it. Our representatives are at your service at all times to help you make this wise provision for the future welfare of your family.

NATIONAL Calling System

"Instant Man Finder"

THE National Calling System is a signaling system. Prearranged code numbers are sounded on a series of electric signals, which may be gongs, horns, buzzers or other electrical devices. When a signal is sounded it is heard instantly and simultaneously in every part of every department. The man wanted gets his call immediately, regardless of where he may be at the moment. He then reports back over the nearest telephone in person. No one's time is wasted on a "man hunt"—no one is disturbed.

Ask us to show you this New Time and Money Saving Calling System

MULTI-UNIT SECTIONAL STEEL SHELVING

"MULTI-UNIT" is the economical shelving for heavy-duty service and rough usage in stock or storerooms. It is built of extra heavy sheet steel. Uprights and shelves have tubular edges, which add to its rigidity, strength and fine appearance. In the finished enamels "Multi-Unit" harmonizes with the best office furnishings and looks well in the home. "Multi-Unit" Shelving is strictly unitary. It goes up or can be taken down in a jiffy. All parts solidly interlock — All parts are interchangeable. It is furnished in Plain Shelves or Bin Compartments; with or without backs, in plain steel, or in handsome enamel finishes.

Enshrinement of LOVE

Mark the spot where your loved ones lie; it is the last act of appreciation by which you can show the reverence in which they are held. They would do the same for you.

With some it may call for a sacrifice, but the sense of comfort from doing a good act before the world—a silent monument of love and esteem—will repay.

Strathmore Papers can express the idea of your business

IN planning printed matter you can choose a STRATHMORE PAPER that by its very look and feel expresses the idea you want to convey—the *strength* of machinery, the *femininity* of wearing apparel, the *dignity* of a profession, the *exclusiveness* of an automobile, or the *craftsmanship* of furniture.

Write us, or ask your printer for "Paper Does Express", a portfolio in which a certain dozen sheets of STRATHMORE Paper do the work of several hundred words.

Advertisers and Printers

There are uses for bond papers that may not have occurred to you. No advertising man should fail to get the good out of "The Letter", "The Illustrated Letterhead" and "The Halftone Letterhead Book."

The printer who is interested in bond papers which give him maximum speed, close register, and lie flat on the feedboard are already acquainted with Certificate Bond, Tokyo Bond, Economic Ledger, and the Index Bristols made by the Crocker-McElwain Company.

If you print, or if you advertise, send for any or all of the books named above.

Crocker-McElwain Company,
Holyoke, Mass.

Service in Paper

The Chemical Paper Manufacturing Co. covers the fine-paper field as well as the coarse-paper field. As an example of fine-paper skill, International Covers and Interwoven Covers are offered to printers and advertisers, the former a very inexpensive but rich-looking cover paper, and the latter a beautiful and serviceable grade of cover paper selling at a moderate price.

In the coarse-paper field, the Chemical Paper Manufacturing Co. is prepared to give service on special making orders of any size. Have you heard of the folding boxboard service being given by this Company?

Send for one of their "Chemco Folding Boxboard Kits" and see a line of patent-coated folding boxboards that is taking the place of a great deal of clay-coated.

"The handsomest street in Springfield," our Street Railway President remarked when looking from his office window in the Massachusetts Mutual Building

Springfield grows at the rate of 5000 per year added to its population. With the pressure of new arrivals at the down-town residence districts there is a constant movement of families from flats and apartments to some choice little home in the suburbs. **BRECKWOOD** meets the demands for this ideal home life.

All the benefits of the Springfield city service, including a modern schoolhouse.

Ten minutes' ride by automobile between Court Square and **BRECKWOOD** by the way of State Street or via Pearl and Bay Streets.

By trolley, fifteen minutes' ride Indian Orchard or Ludlow cars; stopping at Bay Road, the short way into **BRECKWOOD.** Also State Street cars.

Our automobiles are at your service. For prices and terms of house lots call telephone River 987 at our **BRECKWOOD OFFICE** at the land, 381 Boston Road and Parsons Avenue.

DESCRIPTION

OF THE

Attractions, Advantages, and Resources of
SPRINGFIELD, MASSACHUSETTS

FURNISHED BY THE

Springfield Chamber of Commerce, Massachusetts

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 135,000 (estimated), is the trading center for 600,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

Springfield—the City of Service

Springfield is the natural center of distribution for New England. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group, which stands as a testimony to the generosity and civic pride of the citizens.

Springfield Is Famous

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries, such as the G. and C. Merriam Company, publishers of Webster's Dictionary; Barney & Berry, Inc., manufacturers of the Barney & Berry skates; National Equipment Company, candy machine manufacturers; East Springfield branch of the Westinghouse Electric and Manufacturing Company, fractional horse-power motors; Hendee Manufacturing Company, Indian Motocycle manufacturers; Wason Manufacturing Company, steam and electric cars; Kibbe Bros., confectionery manufacturers; Milton Bradley Company, kindergarten supplies and games; W. H. Miner Chocolate Company, manufacturers of sweet chocolate, and Smith & Wesson, manufacturers of revolvers. Springfield is the home of skilled mechanics.

Beauty and Attractions of the City

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (822.07 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 729.14 acres, is one of the finest public parks in the country. The drives in and around Springfield are many and beautiful.

The History of Springfield

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1672 the village of Springfield was burned by Indians, but, Phoenix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

As an Educational Center

Springfield is noted as second to none in the excellence of its public schools. With three High Schools, a Vocational School, a large number of grade and private schools, also parochial schools, it maintains a high standard. There are 41 public schools in the city. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—65 churches and religious societies—and many noteworthy ones among them.

Buildings of Note

Notable buildings in Springfield are: The Municipal Group; the Public Library; Springfield Art Museum; Museum of Natural History; Springfield Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire & Marine Insurance Company building; Hall of Records; Union Trust Company building; the Third National Bank building; the new building of the Chapin National Bank and the Hampden Savings Bank; the Y. M. C. A. building; the three High School buildings; Stearns building; Hotel Kimball; the Bridgway Hotel; and the Myrick Building (the headquarters of the Springfield Chamber of Commerce).

Social Advantages

The social advantages are many, and the club life is indeed delightful. There are various charities in this city which are very active. The Y. M. C. A. and the Y. W. C. A. occupy their own buildings; the Boys' Club, an institution offering social recreation to over 1000 boys, is splendid for youthful exuberance; the Girls' Club, doing excellent work for the girls; the Women's Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Colony Club, which is located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club of Springfield, besides many literary and social clubs, make the city a pleasant place in which to live as well as to work.

The proposed Americanization Council will co-ordinate the activities and be representative of the thirty units of Americanization service in the city, so that adequate co-operation may be rendered the City Government and its branches of service in this very important problem.

Newspapers and Other Publications

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; and the *Springfield Daily News*. All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

Transportation Facilities

The transportation facilities of Springfield are excellent. One hundred and fifty-seven trains a day enter and leave the city on the five lines of railroads which enter here.

Springfield Chamber of Commerce

The Springfield Chamber of Commerce ranks with the principal commercial organizations in the United States. It has a national reputation. It has 1,755 members, all of whom are of the city's leading citizens. The executive staff is composed of a General Secretary and four associate general secretaries and a clerical staff of ten persons. In its more than 35 committee activities are a well organized Convention Bureau, Credit Reporting Bureau, and Industrial Department. It is located in the Myrick Building, where quarters are maintained on one third of the main floor, and where a permanent exhibition of a number of Springfield's manufacturing industries may be seen. Address all inquiries for information to

CLIFTON D. JACKSON,
General Secretary.

SECTION 28, COPYRIGHT LAW,

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

SPRINGFIELD STREET DIRECTORY

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.
